## Special Meeting

June 25, 2019

FILED FOR RECORD

JUL 10 2019

The Marion County Quorum Court held a special meeting on June 25, 2019.

The prayer was led by Brother Jesse Jefferson, and the Pledge by Justice Vancuren.  Dawn Moffet  
Marion County Clerk D.C.

County Judge John Massey led the meeting. All justices with the exception of Madden and McCalla were in attendance. Also, in attendance were County Attorney Sam Pasting and Prosecuting Attorney David Ethredge.

The purpose of this meeting was to review the recently released 2017 audit.

To begin the meeting county attorney explained the purpose of the audit and how it works. Simply put, legislative audit, combs through the finances of the county and does an analysis of their findings.

Judge Massey announced that this meeting was going to be conducted in a peaceful and respectful manner. He said that they would address one finding at a time, and each Justice would be given the chance to ask any questions.

The first finding was as follows:

Restricted Road Fund monies were used to pay legal expenses related to County Judge Terry Ott's Ethics Commission hearing and subsequent appeal in Circuit Court, totaling \$29720.00. Before questions were asked, Judge Massey stated that in December 2018, Judge Ott allotted another \$7000.00 in funds as a retainer for 2019.

Many questions were asked regarding how to recoup these monies. Sam Pasting stated that a civil action could be brought against Mr. Ott to have him repay this funds back to the county. Mr. Ethredge stated that he did not believe this was a proper action, but it was not a criminal offense. He explained that the auditors examine any unusual expenditures of funds, and that this was one of them.

It was also explained that in order for an action to be prosecuted, first an affidavit has to be sworn and then an investigation has to be made by either the sheriff's department or the State Police. It is then sent to the prosecutor.

Mr. Pasting stated that he would be able to assist with any paperwork in order for a case to be filed.

The second finding was one concerning formal bidding procedures on the purchase of five dump trucks acquired in a lease purchase agreement which was in noncompliance according to the auditors.

Some of the Justice's stated that they had assumed that bids had been taken. It was mentioned that without bids being taken that the public wasn't being shown what the best deal would be. Mr. Ethredge stated his office was not brought in on the bidding process finding.

The third finding was regarding the fixed asset record (inventory). According to the findings several equipment purchases were not added into the fixed asset listing and the county could not produce a list of current year disposals.

This process has been a problem for several years. Judge Massey stated that at the beginning of the year this process was being worked on and should be good from here on out.

The next finding was concerning the County Library.

The Library paid \$100,000 of public funds to a nonprofit organization (Community Foundation) to establish a charitable fund for the benefit of the Library. According to the audit, this is not appropriate as it conflicts with the Arkansas Constitution.

Judith Bearden, Chairperson of the Library Board, stated that this was an investment in order to earn additional monies for the library. She stated that the agreement that was signed was poorly worded and that they would be able to retrieve the money after three years. The board was unable to give the Justice's an exact amount of the balance of the investment. When asked where this money had been gotten from, it was said that it was internally generated funds, from fees, fines and donations. However, they were unable to say, how much was derived from each account. It was pointed out that by Ordinance and the Constitution the library and its' board was a department of the county. Ms. Bearden stated that the library was funded by three funds, the millage and state funding which is held by the treasurer and the fees, fines and donations held by the board. It was brought up that the Quorum Court is not seeing a complete budget from the library.

Justice Brigham made a motion to explore any and all available civil remedies to recover any money spent on the ethic violation from county funds. The motion was seconded by Justice Mayo and passed unanimously.

The meeting was adjourned.
